01

BRAND FOUNDATION

WHO WE ARE

Access Network is a women-led ICT social enterprise in Nueva Ecija, Philippines. We began in 2011 as a local cable TV and internet provider and are becoming a full-scale information and communications technology company.

We believe better connectivity builds stronger communities. We combine high-speed infrastructure with digital solutions so that our rural home can lead the country in smart agriculture. We don't just lay fiber; we plant the seeds for a sustainable, tech-driven future.

VISION

To be recognized as the leading company that promotes rural social development by making information technology and communications truly accessible and transformative.

MISSION

To provide world-class ICT products and services tailored for rural communities, and to promote and integrate ICT solutions that serve as the backbone for modern rural development.

BRAND FACTS

FOUNDED	2011, Nueva Ecija
MODEL	Women-led social enterprise; double bottom line
COMPANIES	RA Omega Cable TV Corp. · First Integrated Cable TV Corp. · Bunobon Cable TV Corp.
COMMUNITIES	Rizal, Llanera, Carranglan, Pantabangan, San Jose City
ROADMAP	Innovate, Connect, Collaborate, Grow (2023–2028)
RECOGNITION	DICT Region 3 Outstanding Partner 2024 & 2025; DOST SETUP 2021, 2022, 2025

POSITIONING & VALUES

POSITIONING STATEMENT

For rural communities, businesses and institutions in Central Luzon, Access Network is the local ICT partner that builds, powers and supports the connection, because our team lives where our network runs.

TAGLINE

Connection that Matters

PHILOSOPHY

Improving lives one connection at a time

RALLYING LINE

Local roots, global standards

PROMISE

Enterprise-grade technology with the heart of a local neighbor

CORE VALUES → HOW THEY SHOW IN THE BRAND

EXCELLENCE

We go the extra mile. Show it through finished, precise work: aligned grids, checked facts.

INTEGRITY

Ethical, honest dealings. Never overstate coverage, speed or partnerships.

CARING

Empathy for customers, staff and the environment. Real people and places in our images.

RESPONSIVENESS

We act swiftly. Clear calls to action and contact details on every piece.

ACCOUNTABILITY

Prudent use of resources. Simple layouts, two colors, no waste.

POSITIVE TEAMWORK

Exceptional things happen together. Credit partners by name.

PERSONALITY

Grounded

Local, practical, plain-spoken

PERSONALITY

Capable

Technical, precise, confident

PERSONALITY

Warm

Neighborly, inclusive, caring

PERSONALITY

Forward

Ambitious for rural communities

LOGO

THE AN MARK & LOCKUPS

PRIMARY: HORIZONTAL

Use by default: website header, letterhead, email signature, presentations, signage.

STACKED

For square or narrow spaces: social profile banners, vehicle doors, shirts, event backdrops.

MARK ONLY

Where the name already appears nearby or space is small: favicon, app icon, social avatar, equipment labels.

The blue A and ink N come from the logo in the 2026 company profile. The mark shown here is a redrawn vector for digital use. Replace it with the master artwork files when they are available, and keep every rule in this section.

CLEAR SPACE & MINIMUM SIZE

X = half the height of the AN mark. Keep this space free of text, edges and graphics.

CLEAR SPACE

Keep a margin of X on all four sides. More space is always better. On photographs, place the logo on a calm area or on a solid panel.

MINIMUM SIZE

VERSION	PRINT	SCREEN
Horizontal lockup	35 mm wide	140 px wide
Stacked lockup	22 mm wide	90 px wide
Mark only	8 mm wide	24 px wide

Actual minimum sizes

Below the minimum, drop “Powered by RA Omega” and use the mark with the name set in text nearby.

COLOR VERSIONS

FULL COLOR

Signal Blue A, Ink N and wordmark on Paper or white. The default for everything.

REVERSED

Sky Blue A, Frost N and wordmark on Ink or Night. For dark web themes, slides and signage.

ON SIGNAL BLUE

White A, Ink N, white wordmark. For blue panels, event banners and shirts.

ONE COLOR

All Ink, or all white on dark. For fax, stamps, embroidery, engraving and newspaper ads.

The A is always the lighter or brighter letter and the N the darker one, so the letters stay distinct. On photographs, use the reversed or one-color white version on a dark, calm area, never the full-color version on a busy image.

LOGO MISUSE

× DON'T STRETCH OR SQUASH

× DON'T RECOLOR

× DON'T ROTATE

× DON'T ADD EFFECTS

× DON'T PLACE ON BUSY BACKGROUNDS

× DON'T REARRANGE THE LOCKUP

× DON'T CHANGE THE TYPEFACE

× DON'T SWAP THE LETTER COLORS

Also avoid: outlining the mark, cropping it, adding a tagline inside the clear space, or recreating it from a screenshot. Ask for the master files instead.

BRAND ARCHITECTURE

Customers and partners know us as **Access Network**. The three operating companies stand behind that one name.

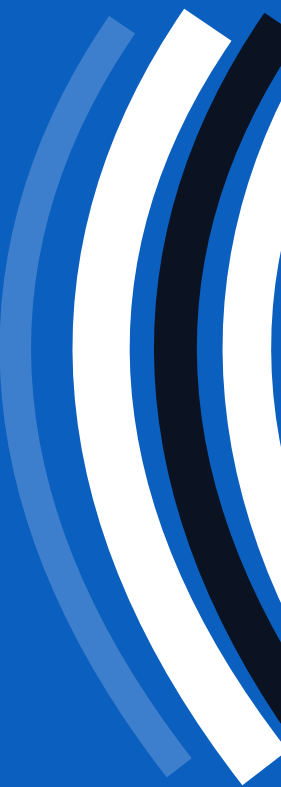

RA Omega Cable TV Corporation
Lead entity

First Integrated Cable TV Corporation
Group company

Bunobon Cable TV Corporation
Group company

NAME	WHEN TO USE IT
Access Network	Everyday brand name in conversation, headlines, signage and social media.
Access Network, powered by RA Omega	Under the logo and in footers. Spell out “RA Omega Cable TV Corporation” in legal lines.
Legal entity names	Contracts, invoices, official receipts, permits, grant documents (e.g. DOST SETUP) and the copyright line.
Access Network for Business	Audience label for business-sales pages and materials. Set in text beside the logo, never merged into it.
Access Network for Development Partners	Audience label for EU, government and NGO partnership materials.
ICT Forum	Program name: “Access Network ICT Forum 2026”. Each year’s theme follows as a subtitle.

Write “Access Network” with two capitals and a space. Never “AccessNetwork”, “ACCESSNET” or “AN” in running text.

03

COLOR

PALETTE

SIGNAL BLUE

Primary · brand, links, buttons

HEX #0A5FBF

225 240 230

6 0 4 6

Order of values on small swatches: HEX, RGB, CMYK. CMYK values are calculated conversions; proof them with your printer on the actual paper stock. Pantone references are not yet defined; ask the printer for the closest coated and uncoated matches and record them in version 1.1. Field Green is reserved for agriculture, sustainability and “available” states.

PROPORTION & CONTRAST

BALANCE ON A TYPICAL LAYOUT

Lead with lots of Paper and Ink. Use Signal Blue for the things that matter: the logo’s A, one headline word, links and the main button. One blue panel or band per page or screen is enough.

TEXT	BACKGROUND	RATIO	WCAG 2.2	USE
Ink	Paper	18.1 : 1	AAA	Body text, headings
Slate	Paper	8.7 : 1	AAA	Secondary text, captions
Signal Blue	Paper	6.0 : 1	AA	Links, headline accents
White	Signal Blue	6.2 : 1	AA	Buttons, blue panels
Signal Blue	Mist	5.5 : 1	AA	Links on tinted sections
Deep Blue	Soft Blue	8.4 : 1	AAA	Chips, tags
Field Green	Leaf Tint	4.5 : 1	AA	Status “available”, agriculture tags
Muted Steel	Ink	8.4 : 1	AAA	Secondary text on dark bands
Signal Blue	Ink	3.0 : 1	Large only	Display text 24 pt and above; never body copy

DARK THEME PALETTE

Screens that follow the viewer's dark setting swap to these values. Blues get lighter so they keep contrast on the dark ground. Use them for digital only, not print.

NIGHT Page #080D17	NIGHT RAISED Bands, panels #101A2B	FROST Text · 16.5:1 #E7EDF7	FOG Muted text · 9.2:1 #A6B3C8	SKY BLUE Accent · 6.9:1 #4D9BFF	SPROUT Agriculture #6CC48F
-------------------------------------	---	--	---	--	---

BUTTONS

Sky Blue fill with Night text (6.9:1).

LOGO

Reversed version: Sky Blue A, Frost N.

LINES

Dividers in #22314A; never pure grey.

04

TYPOGRAPHY

TYPEFACES

DISPLAY • BARLOW CONDENSED

ExtraBold 800 • Bold 700 • SemiBold 600

INNOVATE CONNECT COLLABORATE GROW

Headlines, section titles, buttons, navigation and big numbers. Always uppercase, tight leading (0.9–1.0). Echoes the condensed lettering used for the roadmap pillars in the company profile.

BODY • PUBLIC SANS

Regular 400 • Medium 500 • SemiBold 600 • Bold 700

We don't just see cables and servers. We see the children who can finally attend online classes, the farmers who can check market prices.

Running text, forms, tables and documents. Sentence case. A clear, public-sector sans with full Filipino and European character support.

UTILITY • JETBRAINS MONO

15.79°N 120.99°E
DICT REGION 3 • 2025
+63 932 861 0817

Eyebrows, labels, coordinates, dates in lists, phone numbers and specs. Uppercase with wide tracking (0.08–0.14 em) for labels.

SIGNATURE • CAVEAT

that

Reserved for the word “that” in the tagline lockup, as in the company profile. Never for headlines, body text or other words.

All four families are free under the SIL Open Font License from Google Fonts, for print and web. Office fallback when they can't be installed: **Arial Narrow Bold** for display, **Arial** for body, **Consolas** for labels.

TYPE SCALE & HIERARCHY

ROLE	SAMPLE	WEB	PRINT
Hero	CONNECTION	48–108 px	48–72 pt
Heading 1	WHO WE ARE	40–76 px	32–40 pt
Heading 2	FOUR PILLARS	30–42 px	20–26 pt
Heading 3	LAST-MILE FIBER	24 px	13–14 pt
Lead paragraph	One local partner for network, IT and power.	19 px	11–12 pt
Body	Since 2011 we have served rural Nueva Ecija.	16 px / 1.6	9–10 pt / 1.5
Eyebrow / label	WHERE WE WORK	11–13 px	6.5–7 pt
Caption	Schematic. Positions drawn to scale.	13 px	7.5–8 pt

HIERARCHY RECIPE

Eyebrow label with a short blue rule → condensed uppercase headline → lead paragraph in Slate → body. Use it to open every section.

ONE ACCENT WORD

Color one key word of a headline in Signal Blue, e.g. “Business **connectivity**”. Never the whole headline, never two words apart.

LINE LENGTH

Keep body text to 60–75 characters per line. Align left; don’t justify or center long text.

NUMBERS

Use tabular figures in tables and fact rows so digits line up.

TAGLINE LOCKUP

CONNECTION *that*
MATTERS

CONNECTION *that*
MATTERS

CONSTRUCTION

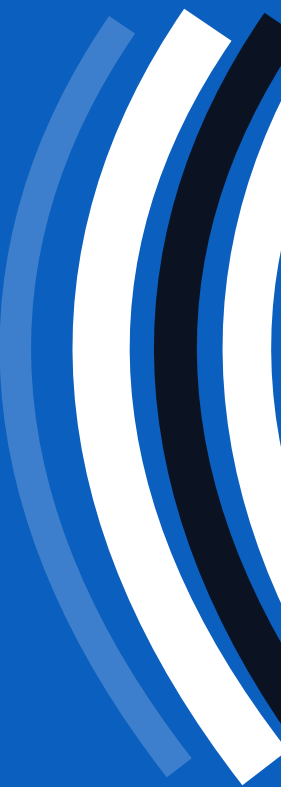

“Connection” in Signal Blue, “that” in Caveat at 82% of the cap size, “matters” in Ink. All display words in Barlow Condensed ExtraBold, uppercase.

WHERE IT GOES

Covers, hero banners, event backdrops, footers and closing slides. Use it once per piece, away from the logo’s clear space.

IN RUNNING TEXT

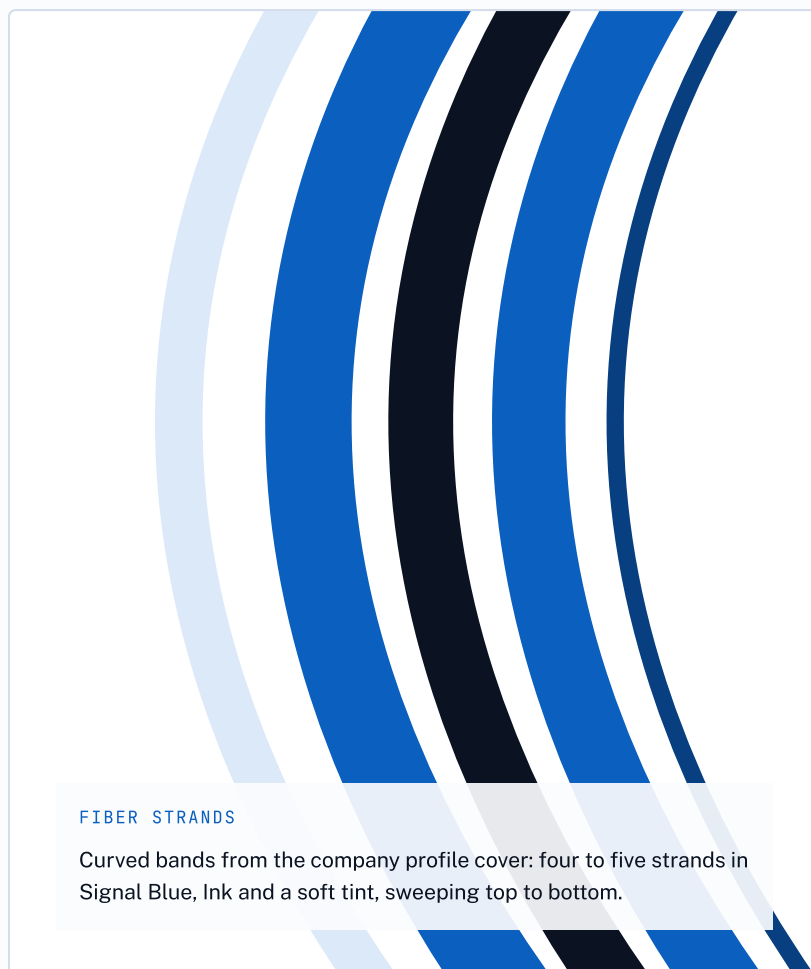

Write it as “Connection that Matters” with no script and no special styling.

05

GRAPHIC ELEMENTS

STRANDS, RULES & LABELS

USING THE STRANDS

- Bleed them off the right or top edge; never show both ends.
- One strand group per page or screen, behind the content, never through text.
- On dark grounds, swap Ink for Frost and the tint for Night Raised.
- Online, a thin light pulse may travel along the strands; switch it off for reduced-motion settings.

EYEBROW RULE

— WHERE WE WORK

A 2 px blue rule plus a mono label opens each section.

PILLAR DOTS

● INNOVATE ● CONNECT

Blue dots mark the four roadmap pillars only.

DATA LABELS

15.81°N 121.14°E

Real coordinates, years and agency names in mono. Facts as texture, never fake numbers.

SCHEMATIC MAPS

Towns as open blue circles, partners as ink squares, service area as a soft blue shape. Label each with a caption saying it is schematic.

PHOTOGRAPHY & ICONS

SHOW

- Our own crews splicing fiber, on poles and in the field
- Women leaders and technicians at work
- Farmers, students and shop owners using the connection
- Training sessions and the ICT Forum
- Real places: rice fields, the uplands, town centers

AVOID

- Generic stock of glowing globes and server corridors
- Staged photos of people who aren't our customers
- Heavy filters, tilted horizons, cut-out backgrounds
- Images of children without written parental consent
- Partner logos or uniforms used without permission

TREAT

- Natural daylight, true color, slight warmth
- Leave calm space for a headline or logo
- Caption with place and date: "Rizal, Nueva Ecija · May 2026"
- Credit the photographer
- Get consent forms from everyone identifiable

ICON STYLE

Simple outline icons on a 24 px grid, 1.75 px stroke, rounded ends, in Ink. Only a single accent icon per group in Signal Blue. Use a consistent open-source outline set, such as Lucide, and don't mix sets.

06

VOICE & MESSAGING

VOICE & TONE

PLAIN Short sentences, everyday words. “Internet for your shop”, not “last-mile broadband enablement”.	SPECIFIC Name the town, the year, the agency. Facts persuade; adjectives don’t.	HONEST Never promise speeds, coverage or partnerships we can’t show. Say “aligned with”, not “funded by”, unless it’s signed.	WARM We are neighbors. Write “we” and “you”. Talk about people before cables.
---	--	---	--

AUDIENCE	THEY WANT TO KNOW	TONE	SOUNDS LIKE
Households & community	Is it reliable? Who do I call?	Friendly, simple, Filipino or English as the community prefers	“Your connection, looked after by people from your town.”
Business customers	Can you cover my site, what will it cost, how fast can you fix it?	Direct, practical, action-led	“Tell us your site. We’ll survey it and send a proposal.”
Government & LGUs	Track record, compliance, local impact	Respectful, factual, formal titles	“DICT Region 3 Outstanding Partner, 2024 and 2025.”
EU & development partners	Alignment, capacity, governance, inclusion	Measured, evidence-based, no jargon or hype	“Our roadmap aligns with the package’s connectivity and skills priorities.”

WRITING STYLE

SPELLING	American English by default (fiber, center, organization), the standard in the Philippines. Switch to British spelling only for documents written for an EU funder that asks for it, and then use it throughout.
DATES	October 7, 2026 for Philippine audiences; 7 October 2026 for European documents. Ranges: May 18–19, 2026.
TIME	9:00 a.m. PHT (UTC+8). For EU contacts, add their time: 3:00 a.m. CET.
PHONE	+63 932 861 0817 (international format, spaces in groups)
MONEY	₱25,000 or PHP 25,000; €20 million for EU figures. Never show prices that aren't approved.
NUMBERS	Spell out one to nine; use digits from 10 and for all measurements, percentages and years.
AGENCIES	Spell out on first use, then the acronym: Department of Information and Communications Technology (DICT).
HEADLINES	Sentence case in text; the design sets them uppercase. No full stop.

WRITE	NOT
fiber, fiber optic	fibre, fiber-optics
internet (lowercase)	Internet
women-led	female-run, lady-led
rural communities	the provinces, far-flung areas
smart agriculture	AgriTech 4.0
LGU, local government	govt.
site survey	ocular inspection
EveryJuan	Every Juan, everyjuan

KEY MESSAGES & BOILERPLATE

MESSAGE PILLARS (2023–2028 ROADMAP)

INNOVATE

Technology adapted to rural terrain: IoT, ICT and solar.

CONNECT

Connecting people to opportunity: remote work, e-learning, digital commerce.

COLLABORATE

Partnering with LGUs, CSOs, academe and ICT stakeholders for measurable impact.

GROW

From service provider to long-term development partner.

BOILERPLATE · SHORT (ABOUT 30 WORDS)

Access Network is a women-led ICT social enterprise in Nueva Ecija, Philippines. Since 2011 it has connected rural communities, and today it provides broadband, fiber engineering, enterprise IT, solar and digital skills training.

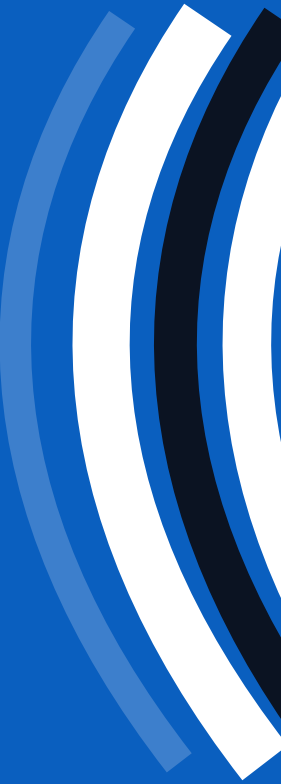

BOILERPLATE · LONG (ABOUT 90 WORDS)

Access Network, powered by RA Omega Cable TV Corporation, is a women-led ICT social enterprise based in Nueva Ecija, Philippines. Founded in 2011 to bring cable TV and internet to rural municipalities, it began its transformation into a full-scale ICT company in 2023 under a five-year roadmap: Innovate, Connect, Collaborate, Grow. Its services span broadband, fiber design and splicing, system integration, data center colocation, CCTV, solar installation, and fiber optic and digital jobs training. Access Network was named DICT Region 3 Outstanding Partner in 2024 and 2025 and hosts the annual ICT Forum.

DIGITAL & APPLICATIONS

WEB COMPONENTS

BUTTONS

Condensed uppercase label, 4 px radius. One primary button per view. Arrow only on buttons that move forward.

FORM FIELDS

COMPANY

EMAIL • FOCUSED

Mono uppercase labels above fields. Focus state: 2 px Signal Blue outline. Error text explains the fix.

CHIPS & STATUS

Blue chips for tags, green for available or agriculture, dashed for content still to come.

LAYOUT GRID

Content column up to 1200 px with 16–40 px side gutters. Splits run 5:7 or 4:8. Sections stack to one column below 860 px.

SPACING & SHAPE

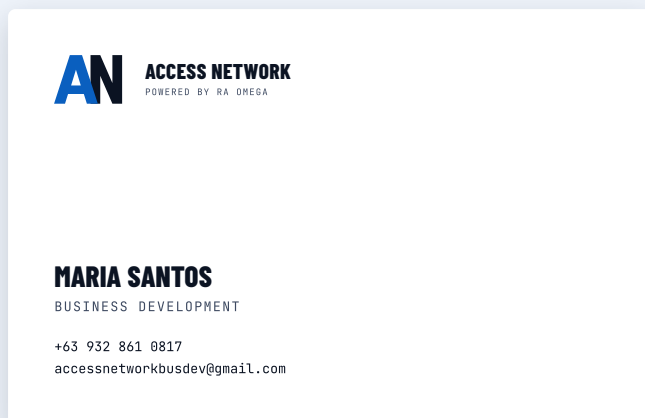

A 4 px base unit. Corners 4 px on buttons, fields and panels; 2 px on chips. Separate content with rules and whitespace before reaching for cards and shadows.

ACCESSIBILITY

Visible focus on every control, alt text on images, labels on every field, and support for dark mode and reduced motion.

STATIONERY

Business card, 85 × 55 mm, front and back

Letterhead, A4 (shown at reduced size)

EMAIL SIGNATURE

Connection that Matters

RULES

- Logo top left, contact details in the footer
- Legal entity name on letterhead and invoices
- No quotes, images or banners in email signatures
- Example names are placeholders

SOCIAL & PRESENTATIONS

Square posts, 1080 × 1080 px. Event, notice and announcement templates. Example content only.

Presentation slides, 16:9. Title slide and content slide.

SOCIAL POSTS

- Logo bottom left, label top left
- One message per post, under 12 words on the image
- Rotate between Blue, Ink and white grounds
- Service notices always in Ink, with date, time and area

PRESENTATIONS

- Dark title slide with strands, light content slides
- One idea per slide; headline states the point
- Big numbers only when they are verified facts
- Close with the tagline lockup and contact details

CO-BRANDING WITH PARTNERS

PARTNER LOGO

PARTNER LOGO

EQUAL PARTNERS

Logos in a row, the same optical height, separated by a thin Line-color divider and clear space X. Our logo comes first on our own materials.

PARTNER-LED MATERIALS

Follow the lead partner's guidelines and provide our full-color or one-color logo files. Don't restyle it to match.

GOVERNMENT

Use DICT, DOST and LGU seals only with written permission and only on activities they officially support.

EU-FUNDED ACTIONS

The EU emblem and funding statement follow the EU's communication and visibility requirements, applied only when an action is formally funded. Never use the emblem to imply endorsement.

BEFORE YOU PUBLISH

- Correct logo version from the master files, at or above minimum size
- Clear space respected; no effects or recoloring
- Colors from this palette; contrast checked
- Barlow Condensed, Public Sans and JetBrains Mono only
- Facts verified: dates, names, agencies, figures
- No prices, speeds or coverage claims without approval
- Consent on file for every identifiable person in photos
- Partner logos approved in writing
- Contact details and call to action included
- Spelling convention consistent throughout
